

STUDENT ORGANIZATIONS

SUPPORT PEER-TO-PEER EDUCATION

FOR CONSENT & BYSTANDER INTERVENTION

OUR PLEDGE

Independent of a UC policy mandate, as a registered student organization of the University of California, we pledge to collaborate with existing peer-led groups on our campus to train a minimum of _____ students on peer-to-peer consent and bystander intervention.

We acknowledge that peer-to-peer education is both effective and necessary in creating and perpetuating a culture of affirmative consent.

In addition to receiving this training, we pledge to...

- ~ Only engage in consensual interactions
- ~ Be an effective bystander in preventing others from acting without consent
- ~ Support survivors of sexual assault
