Resolution to Amend Order of UCSA Elections

August 15, 2020

Author(s): Varsha Sarveshwar

WHEREAS, the following change was suggested by UCSA's Executive Director; and,

WHEREAS, the current order of elections has proved every year to be logistically difficult, as it requires three transitions from the full board space to smaller committee breakouts, and could be even more burdensome in a digital setting; and,

WHEREAS, committee vice chairs are not currently scheduled to be elected immediately following corresponding committee chairs, but in a separate, later breakout session, even though the voting population is the same group of Board Members; and,

WHEREAS, changing the order of elections would limit the election process to be only one transition between spaces instead of three;
